Work Experience:

Inspire Creative Studios, Inc: Wilmington, NC
Owner / Producer / Writer

April 2005 - Present

Inspire Creative Studios, Inc. is a full service, advertising agency offering high-end video production for TV, web, and crew support for film projects. I have worked as a writer and producer on almost every production project (100+) produced by Inspire since the studio opened in 2005. As an original business partner, I quickly learned to be self-motivated and proactive in sales and the day-to-day operations of the company. Other responsibilities include drafting and organizing paperwork (contracts, deal memo's, releases, etc.), liaison to clients, concept development, line producing, directing, sound and video editing.
