I spent a tad over 23 years working in Hotels and Restaurants. In 2011 I moved out of the service industry and into film & television production. It is a service industry type of job; however, I do own and operate my own Box Truck as well as haul and service 2 full size pull behind trailers (22 foot). I am a union member in good standing both as a Local 71 Teamster & IASTE 491. I have a Class A CDL with a clean driving record.

Who am I? I am a Father & Grandfather, was a homeowner for 22 years, and an amazing TETRIS player. Working in both Hospitality and Film, organization & logistics are vital. Both careers have you on your feet all day, moving & hauling, organizing and lifting, plus both careers require nonstop people skills.
